Handprint Bonfire

Supplies

- Red and yellow paint
- Black paper
- Brown paper
- Glue
- Paintbrush
- Shallow trays or paper plates
- Glitter

1 First, make the logs and sticks for the base of the bonfire. To do this, tear up some strips of brown paper, making sure there are a range of different thicknesses and lengths.

3 Next, paint your hand using a brush and some paint or dip your hand into a shallow tray of paint. Then, gently press your hand onto a piece of black paper.

2 Glue the logs and sticks onto the bottom of a sheet of black paper. Make sure you position them so that they overlap and point in different directions.

4 Repeat with other colours and also mix the colours together on your hand and the paper, to create a new orange colour! Don't forget to wash your hands when you have finished printing!

5 Once the paint dries, paint on some PVA glue and sprinkle a little glitter onto the 'flames' to create some sparkles!
