## **1.0 PART ONE – STATEMENT OF POLICY**

1.1 This is the health and safety policy of Ty Gwyn School which should be read in conjunction with [Cardiff Council's Health and Safety Policy](#) and the [Health and Safety Policy of the Education Service](#).

1.2 The School accepts its responsibilities under the Health and Safety at Work etc. Act 1974, for providing a safe and healthy workplace and working environment for all its employees, pupils, visitors, contractors and other persons who may be affected by its activities.

1.3 The Senior Management Team and the School Governing Body will take all reasonable steps to ensure that Cardiff Council's Health and Safety Policy, the Health and Safety Policy of the Education Service and their own school Policy are implemented and, that guidance documents are followed and monitored throughout the School.

1.4 The School is committed to ensuring a high standard of health, safety and welfare. This will be achieved by the following:

- Assessing and controlling risks arising from curriculum and non-curriculum activities
- Maintenance of a healthy and safe working and learning environment with safe means of access and egress
- Safe working practices and the provision and maintenance of safe plant and equipment
- Arrangements to ensure that no person is adversely affected by any article, substance, equipment or machinery used.
- Consultation with staff and trade union representatives on matters affecting health and safety
- Provision and dissemination of health and safety information which is received from the Education Service and other sources
- Ensuring staff are competent to carry out tasks safely by the provision of effective information, instruction, training and supervision
- Ensuring that adequate welfare facilities exist at the school
- Having procedures for emergencies
- Monitoring and review of health and safety standards / accident statistics
- Accessing competent advice from Health and Safety Advisers in relation to health and safety matters
- Ensuring adequate resources are made available for health and safety issues, so far as is reasonably practicable

1.5 This Policy and referenced documentation is available to all staff. A hard copy of the Policy document can be found displayed in the reception office, within the School and also within staff handbooks.

1.6 This Policy will be reviewed as necessary at regular intervals and at least annually.

## **2.0 PART TWO – ORGANISATION AND RESPONSIBILITIES**

**2.1** The responsibilities of the Council and Education Service are set out in both the Council Health and Safety Policy and the Education Service Health and Safety Policy. Specific health and safety responsibilities of School Governors and Headteachers are referenced in 2.11 of the Council Policy and 4.3b and 4.3c respectively of the Education Service Policy.

The Health and Safety at Work etc. Act 1974 places overall responsibility for health and safety with the employer. The legal status of 'employer' varies with the type of school.

- For community schools, community special schools, voluntary controlled schools, maintained nursery schools and pupil referral units, the employer is the Local Authority
- For foundation schools, foundation special schools and voluntary aided schools, the employer is usually the governing body.
- For independent schools, the employer is usually the Governing Body or proprietor.
- In Voluntary Aided Schools, Governing bodies are the employer and consequently have a legal obligation to produce their own Health and Safety Policy and comply with all relevant health and safety legislation.

An organisation chart for the School, and the health and safety responsibilities of School staff and the Governing Body is detailed below. For specific health and safety responsibilities of identified staff please refer to Part Three - Arrangements and Procedures.

### **2.2 Education Service Responsibilities**

**2.2.1** Section 197 of the Education Act 2002 (Wales) enables the Local Authority to form an agreement providing a formal legal basis that makes clear how the authority and the governing body of a school will discharge their respective statutory functions on specific matters, including health and safety.

To ensure schools, regardless of their type, have a consistent and appropriate understanding of their health and safety responsibilities, each school is required by the Local Authority to adopt the Education Maintained Schools Partnership Agreement. In signing the Agreement, the governing body acknowledges the school's legal responsibility and a defined number of actions to ensure legal compliance.

**2.2.2** Each school is expected to produce and review a local Health and Safety Policy that is consistent with the Policy of the Education Service.

**2.2.3** The LA must provide health and safety guidance to those schools and services where it is the employer. It must ensure that staff are trained in their health and safety responsibilities as employees and that those who are delegated health and safety tasks (such as risk assessment) are competent to carry them out. If a LA risk assessment shows that training is needed, the LA must make sure that this takes place.

2.2.4 Education employers have duties to ensure, so far as is reasonably practicable:

- The health, safety and welfare of teachers and other education staff;
- The health and safety of pupils in school and on off-site visits;
- The health and safety of visitors.

## **2.3 Governing Body Responsibilities**

2.3.1 The Governing Body, with support from the Executive Head Teacher, will:-

- Ensure compliance with all Health and Safety legislation
- Appoint a governor to act as the Governing Body's contact point for all matters relating to the school's health and safety policy
- Have in place a Health and Safety policy for the school that complies with legislation and follows guidance provided by the authority
- Monitor the operation of the policy and procedures
- Be responsible for developing and allocating resources to ensure effective management of Health and Safety
- Ensure Health and Safety is an integral part of management practices
- Monitor management practices
- Ensure that appropriate action is taken to address any shortcomings in any aspect concerning Health and Safety
- Work with recognised Trade unions to secure the Health and Safety of staff; and
- Contribute as appropriate to consultation on Health and Safety issue
- Health and Safety sub-committee Chair to undertake HSE walks at each school

2.3.2 In schools with delegated budgets, if the Governing Body fails to carry out essential work for which it is responsible to ensure the Health and Safety of its staff, pupils and other people using the site, the Education Service, after consultation with the Executive Head Teacher, can carry out essential work and charge it to the school's budget.

2.3.3 The Governing Body will support the development of a Health and Safety training package for staff to outline their Health and Safety functions

The Governor who has been nominated to act as Health and Safety Governor across the Federation is Sean Ward. This Governor will not be any more responsible for health and safety within the school than any other Governor. He will have no personal decision-making powers in relation to Health and Safety.

However, he/she will:-

- Take a special interest in Health and Safety, checking that the Governing Body is meeting its objectives, and pointing out the health and safety implications of other actions under consideration.
- Support the Executive Head Teacher, Head of School and or the Health and Safety Officer, as well as other members of staff in the strategic management of Health and Safety.
- Provide a contact point for information, support, training and guidance from the Education Service

The Governing Body must ensure that, in the absence of the Executive Head Teacher, the above responsibilities will fall to his/her immediate Deputy, and they will be made aware of what these responsibilities entail.

## **2.4 WLF Health and Safety Committee**

The Health and Safety Committee will report to the Governing Body and will have oversight of the following:

2.4.1 The Health and Safety Committee, will:-

- Manage compliance with all Health and Safety legislation
- Provide decision making to the hire of facilities
- Agree the staffing infrastructure to support the hire of facilities
- Agree priority areas of focus for development across Federation.
- Agree key priority areas for integrated development.
- Agree membership and delegated responsibilities which provide clarification across
- Agree any resource commitment associated with development areas prioritised.
- Provide recommendations to proposed changes or areas of development to the Governing Body
- Manage compliance of each stakeholder agency who are on site
- Consider areas of risk and mitigation within service areas which may impact on stakeholders.
- Ensure Health and Safety is an integral part of management practices
- Monitor management practices

- Provide a Health and Safety report each term

## **2.5 Ty Gwyn School Health and Safety Panel**

### 2.5.1 The Health and Safety Panel, will:-

The Health and Safety Panel will report to the Health and Safety Committee and will have oversight of the following:

- To develop an effective discussion and decision making forum for Health and Safety and Estates matters
- To review and give consideration to all Health and Safety and Estates matters
- To support the development and infrastructure across the school and the Federation
- To report on all Health and Safety and Estates matters
- To develop a robust monitoring system for all Health and Safety and Estates matters across the Federation
- To monitor all Health and Safety matters
- To enable all Health and Safety discussions to be documented
- To discuss all areas of operational activity
- To make recommendations to the Federation's Health and Safety Committee in relation to staffing, spend and compliance
- To ensure compliance with all Policies
- To quality assure for all statutory compliance
- To discuss and recommend all external hire of facilities to the Health and Safety Committee
- To support the development of Service Level Agreement for each of the multi-agency partners.
- To consider areas of risk and mitigation within Health and Safety and Estates which may impact on the school and Federation
- To consider all recommendations for Doyle Avenue in line with Health and Safety and Estates

- To consider the Contingency Panel in Cardiff Council for Health and Safety and Estates works.

## **2.6 Executive Head Teacher Responsibilities**

2.6.1 Overall responsibility management of Health and safety in the school rests with the Executive Head Teacher. As manager of the establishment and of all the activities carried on within it, the Executive Head Teacher will advise Governors of the areas of health and safety concern which may need to be addressed by the allocation of funds. Matters requiring particular consideration by the Executive Head Teacher will include:

- Ensuring that there is an adequate system in place for the undertaking of risk assessment in compliance with the requirements of the Management Regulations 1999.
- Ensuring that there is a management system for monitoring the effectiveness of health and safety arrangements, which form part of this policy
- The arrangements for securing health and safety assistance from a competent source;
  - The appointment of a Business Manager
  - The provision of appropriate health and safety information to governors.
  - The development of panel meetings to provide quality assurance of Health and Safety.
- Informing the Governing Body of action required to comply with health and safety legislation.
- Supporting the Governing Body in monitoring the school's Health and Safety performance.

The Executive Head Teacher will delegate the day-to-day responsibilities of Health and Safety to the Head of School or other members of staff any or all of the duties associated with the above matters.

It is clearly understood by everyone concerned that the delegation of certain duties will not relieve the Executive Head Teacher from the overall day to day responsibilities for Health and Safety within the establishment.

## **2.7. Head of School Responsibilities**

2.7.1 The Head of School is responsible for the implementation of this Policy on a day-to-day basis. In conjunction with the points detailed in 2.9 of the Council Health and Safety Policy, and 4.3c of the Education Service Health and Safety Policy, the Head of School is specifically responsible for:

- Developing, and implementing a, school Health and Safety Policy, having consideration to Regulation 5 of the Management of Health and Safety at Work Regulations 1999 regarding planning, organisation, control, monitoring and review and ensure inclusion of / reference to specific School arrangements.

- Ensuring that suitable and sufficient assessments of the risks to the Health and Safety of employees and other people, in connection with work activities have been carried out by a competent person. Relevant employees should be involved. The risk assessments should be uploaded onto the Health and Safety Management System (Handsam) and be kept under review.
- Continuing to ensure that, where significant risks are identified, safe systems of work and other control measures (including work instructions / method statements) are developed and implemented, remain effective and are revised if necessary.
- Ensuring there are appropriate, effective and documented operational monitoring arrangements for work activities. This includes supervisors / managers carrying out documented health and safety checks / inspections, as appropriate, and having monitoring arrangements in place to ensure identified actions are carried out.
- Submitting inspection reports to the Executive Head Teacher and/or the Education Service and taking action where this is required.
- Passing Health and Safety information to relevant members of staff.
- Continuing, and developing, Health and Safety training plans and training matrices (where appropriate) for the school.
- Liaising with the Executive Head Teacher, Governing Body and the Education Service on matters relating to Health and Safety.
- Leading on the Improving Estates and Health and Safety and Quality of Life Panels where Health and Safety will be discussed.
- Informing the Executive Head Teacher of action required to comply with health and safety legislation.
- Supporting the Executive Head Teacher in monitoring the school's Health and Safety performance.
- Co-operating with, and providing necessary facilities for, Trade Union Safety representatives.
- Ensuring that contractors working on site are appropriately managed.
- Reviewing the health and safety management of contractors employed directly by the school.
- Following the Education Service's guidelines on Health and Safety
- To have responsibility for RAMIS, the online Health and Safety reporting system
- To have responsibility for the Health and Safety compliance for the vehicles

The Executive Head Teacher must ensure that, in the absence of the Head of School, the above responsibilities will fall to his/her immediate Deputy, and they will be made aware of what these responsibilities entail.

## **2.8 Deputy Head of School Responsibilities**

2.8.1 All Deputy Head of School's across the Western Learning Federation are responsible to the Head of School for ensuring the application of this policy to all activities undertaken.

They will also have responsibilities for ensuring that all relevant parts of the Local Authority's statement are observed and implemented by all subordinate members of staff in their respective departments. In particular, staff holding such positions of responsibility will:

- Follow all relevant codes of safe working practice and local rules
- Report any unsafe working practices to the Head of School/ Deputy Head of School

### 3.0 PART THREE – ARRANGEMENTS AND PROCEDURES

The following arrangements detail how the School will implement its Health and Safety Policy and also the Policy of the Education Service and should be read in conjunction with the Council and Education Service Policies

#### 3.1 Accident / Near Miss / Disease Reporting and Investigation

In the event of an accident the following procedure will be adopted:

3.1.1 The Head of School will be informed by the completion of the Accident Report form RAG folders that is located in Head of School office. This indicates the severity of the incident and ensures processes and procedures are followed correctly.

- Any accidents that occur an Accident form and incident form will be completed.
- The Head of School will conduct any necessary investigations.
- Should First Aid be required then the action taken will also be logged and the first aid form be completed
- If a pupil is involved then parents will be notified as soon as possible.
- If hospitalisation is required, then again parents or next of kin will be informed as soon as possible. The Head of School will inform the Executive Head Teacher who will then inform relevant LA officer and the Chair of Governors as appropriate.

In the event of an accident occurring during an Offsite Visit then the guidance contained in the LA's 'Educational Visits Policy' document must be followed. Staff are reminded to ensure that they have all the relevant contact numbers with them before they leave.

A copy of the relevant pages and contact numbers is in the school mini bus, but its actual presence must be checked before any journey commences.

The Deputy Head of School is responsible for ensuring that the appropriate accident report forms are completed and reported at the Health and Safety and Improving Estates and Health and Safety Panel:

- Employee Accident Report Form [4.C.043](#)
- Pupil Accident Report Form [4.ED.WC.006](#)
- Member of the Public/Service User Accident Report Form [4.C.045](#)
- Violence at Work Report Form [4.C.046](#)

Accident report forms should be printed off the Cardiff Improvement System (CIS) as required, to ensure the most up-to-date version is used.

The Deputy Head of School *is* responsible for forwarding the completed forms to the following to the Head of School:-

- Employee Accident Report Forms/Violence at Work Forms *to the Health and Safety Section, Corporate Resources, Room 413, County Hall, Atlantic Wharf, Cardiff CF10 4UW*

***Serious incidents must be reported immediately to the Corporate Health and Safety Team on Tel: 029 2087 2635 or 029 2087 3967 and/or Services and Compliance on Tel: 029 2087 3715***

The Services and Compliance Team is responsible for ensuring that the Health and Safety Executive (HSE) Incident Contact Centre is notified of any reportable accidents (including major injuries, absences over 7 days as a result of an accident at work, or if a pupil/member of the public is taken to hospital from the scene of the accident) on the F2508 form. This is in compliance with the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995.

All staff are aware of the importance of reporting all incidents, including near misses, in order that trends may be identified and accurate statistics can be collated for discussion at Education Service Senior Management Team meetings / Governors meetings.

The *Admin Manager* is responsible for carrying out accident investigations in *Ty Gwyn School* using the Cardiff Council Accident/Incident Investigation Form (see Appendix A of 1.CM.122 Council Code of Guidance for Accident Investigation)

### **3.2 Asbestos Management**

An Asbestos Management Plan (AMP) containing details of the location, type and condition of asbestos is kept in all individual Education Service premises, where asbestos has been identified. The procedures therein and the Council Asbestos Policy and the procedures in the AMP must be followed by all Education Service premises.

An Asbestos Management File has been issued to premises where no asbestos has been identified and the Permit to Work system must be completed.

In respect of all buildings occupied by the Education Service, implementation of the Asbestos Management Plan/File will be the responsibility of the Head of School, or their selected competent deputy / nominee. The responsible persons must have attended the Asbestos Awareness Training Session, organised by the Education Service.

The following information is conveyed to Governors at attendance at the Health and Safety Roles and Responsibilities of School Governors training facilitated by Governor Services.

- All schools have been surveyed and have either an Asbestos Management Plan or Asbestos Management File which is kept in the reception office
- The responsibility for ensuring compliance with the Asbestos Plans is primarily that of the Head of School.

The Head of School must ensure that all procedures are followed, including:-

- Consulting the Asbestos Management Plan if any work disturbs the fabric of the building
- Consulting the Asbestos Controlling Officers if any work involves disturbing any asbestos containing materials or if there are any other queries
- Ensuring no one enters any area, e.g. ceiling / roof voids where it is stated that an asbestos survey has not been carried out, UNTIL the Asbestos Controlling Officers have been consulted. This includes external contractors and Council or school employees.
- Ensuring that the Asbestos Permit to Work Sheet is completed correctly, by the relevant people, if any work disturbs the fabric of the building, whether or not asbestos is present. There must be clear and sufficient detail of the work being undertaken and its location.
- N.B. *The relevant people will depend on the work concerned but will be the named duty holder, a competent person nominated by the duty holder, the Cardiff Council competent person managing the contractors (if Facilities Management or Projects, Design and Development are managing the contract), the contractor or Cardiff Council supervisor and operatives of the contractor or employees of the Council.)*
- Notifying the Asbestos Controlling Officers, using the Notification of Asbestos Remediation / Removal Work Form, when the work is completed so that record can be amended.
- Carrying out, and recording, the 6 or 12 monthly inspections detailed in the Asbestos Inspection Programme
- Ensuring that all staff know the emergency action to be taken in the event of damage to asbestos containing materials.
- Ensuring that all staff are aware of the location of asbestos containing materials and the procedure detailed in the AMP.
- Keeping the AMP and AIP in a safe and easily accessible place

The Asbestos Controlling Officers can be contacted on Tel: 029 2078 5473/5475

The Services and Compliance Team has arranged a number of Asbestos Awareness for Dutyholders training sessions for Headteachers and other relevant staff. Please contact the Services & Compliance Team on Tel: 2087 3715 or e-mail [educationhs@cardiff.gov.uk](mailto:educationhs@cardiff.gov.uk) for details

The Head of School is responsible for the Asbestos Management Plan/File in kept in the main office of Ty Gwyn School

*Jamie Brotheron, Deputy Head of School at Ty Gwyn School* has been assessed by the Duty holder as being competent to act on her behalf.

*The Estates Manager* have attended the Asbestos Awareness Training session run by the Education Service

All staff, including staff who visit parts of the building on an impromptu basis, e.g. to access switches, are aware of the location and condition of any asbestos containing materials. All staff know that they are not to 'pin' anything onto the walls if the walls contain asbestos.

The Asbestos Permit to Work must be completed by the relevant people before any work which disturbs the fabric of the building is undertaken. All Administration and Estates Staff are aware that this procedure must be followed.

Blank copies of the *Asbestos Permit to Work* are located at the following link:-

### **3.3 Body Fluid Spillages**

A risk assessment for cleaning up of blood and other bodily fluid spillages has been undertaken and communicated to all relevant staff.

(To assist in this process, a generic risk assessment is available for customising)

[4.SC.COMP.010 - Cleaning Up Blood and other Bodily Fluid Spillages](#)

Body fluid spillages are cleaned up as soon as possible by *Senior Leadership Team*, using the appropriate spillage kit. These spillage kits are kept in the main office

If required the Education Cleaning Services Rapid Response Cleaning Team from Services and Compliance are called in to undertake a 'deep clean'. They can be contacted on Tel: 029 2078 8212/8003/8209.

All suspected cases of Norovirus are reported to the Services and Compliance Team on Tel:- 029 2087 3714, who, in turn, will notify other relevant parties.

**3.5 Catering**

Ty Gwyn School opts into the Education Service Catering Services Service Level Agreement.

The Education Service Catering Services manages all activities relating to catering and the kitchen facility.

Education Service Catering Services communicates and organises relevant information and training relating to staff, e.g. risk assessments, and the school also advises the catering staff of the information regarding emergency procedures, etc.

**3.6 Cleaning**

Ty Gwyn School opts in to the Education Service Cleaning Services Service Level Agreement. Where the school opts in to the Service Level Agreement, the Education Service Cleaning Services manages all activities relating to cleaning

Education Service Cleaning Services communicates and organises relevant information and training relating to staff, e.g. risk assessments, and the school also advises the cleaning staff of the information regarding emergency procedures, etc.

**3.7 Communicable Diseases**

The procedures outlined in the Health Protection Agency document '*Guidance on Infection Control in Schools and Other Child Care Settings*' are followed for any pupil or member of staff with a prescribed illness or condition.

[Guidelines on Infection Control in Schools](#)

If it is suspected that there is an outbreak of any type of infection, the Head of School contacts the Services and Compliance Team, Education Service on Tel: 029 2087 3714 in the first instance to inform them of the situation.

The Services and Compliance Section will inform the Council's Health Improvement Team and/or, if appropriate, the Consultant in Communicable Disease Control in Cardiff on Tel: 029 2040 2478. The appropriate team will then make contact with the school to inform them of the next stage to follow.

All members of school staff are advised and aware of this procedure.

### 3.8 Contractors

All contractors must sign the Visitors Book located at *the reception office* on arrival, and departure from, the school. The school will provide the contractor with any relevant information e.g. emergency evacuation procedures. The *Estates Manager* will ensure this is done. (*This will need to be carried out in term time and in school holidays*)

Cardiff Council's Health and Safety Policy on the Management of Contractors applies to all contracts let by the Council and LEA maintained schools and is recommended to non LEA maintained schools.

The Maintained Schools Partnership Agreement states that Governing Bodies will "work within Cardiff Council's or, where appropriate, the Welsh Government's approved Contractors Policy and ensure that contractors have been assessed in accordance with the authority's or, where relevant, the Welsh Government's, procedures."

A **contractor** means any contractor, supplier or provider with whom the Council enters into a contract for the carrying out of Works, provision of Services or the supply of Goods. The Health and Safety Executive defines a **contractor** as "anyone you get in to work for you who is not an employee."

Work activities carried out by contractors for Cardiff Council include, but are not limited to construction work, grounds maintenance, maintenance and servicing of buildings and equipment (e.g. lifts, boilers, electrical equipment, photocopiers, etc.), cleaners, caterers, training providers, locksmiths, skip hire, taxi services, furniture removal and storage and any external consultancy services.

A '**contract**' means any form of agreement (including, without limitation, official purchase orders) for the supply of Goods, (where this Policy applies), provision of Services or carrying out of Works.

The '**client**' is the officer or Directorate / Service Area or individual school who authorises the carrying out of work, provision of services or supply of goods by a contractor.

The '**competent officer**' is the person designated by the Directorate / Service Area or individual school to ensure compliance with health and safety duties and implementation of this Policy. The person must, in respect of the contract concerned, have appropriate knowledge, experience, skills and relevant training, and awareness of their own health and safety technical limitations.

The '**contract manager**' is the person managing the contract. It may or may not be the '**competent officer**'.

Ty Gwyn School uses Facilities Management (FM) Building Services and/or Education Service Schools Organisation Planning (SOP), or Projects, Design and Development (PDD) when building work is undertaken at the school.

For work organised by FM, SOP Officers or PDD, the management of the contractors is managed by FM, SOP or PDD. They will liaise with the school and will ensure liaison between contractors on site.

When the school engages contractors directly, (i.e. acts as a client), the school is responsible for the management of the contractors. This includes selection of contractor, assessment of competency, meetings with the contractor, exchange of information, vetting of contractor information, management of the contractors on site, compliance with the Construction (Design and Management) Regulations 2007 and post contract review.

In Ty Gwyn School the 'competent officer' for managing contractors employed directly by the school, is the *Estates Manager* she/he has received appropriate training, and refresher training, for example, the Construction Industry Training Board 'Site Managers Safety Training Scheme' (SMSTS). A record of this training is kept.

A meeting will take place before work commences with the Local Authority appointed Health and Safety advisor and the contractors to establish safe working practices and to identify any potential hazards. Risk assessments will be completed as necessary and a system of regular liaison meetings will be arranged with a named contact employed by the contractors.

Any concerns with contractor working practices should be brought to the attention to the Head of School or Business Manager

### **3.9 Display Screen Equipment (DSE)**

Display Screen Equipment assessments are carried out by the Health and Safety Officer using the DSE risk assessment form.

[4.C.048 - DSE Risk Assessment Form](#)

DSE assessments are reviewed annually and if anything changes.

DSE assessments are kept in the reception office

If the DSE assessor has a problem, they should seek advice from the Health and Safety Adviser/s after carrying out an initial, recorded assessment. If it is necessary for medical advice relevant to the DSE issue to be provided in a medical report, the individual employee should be referred to the Occupational Health Service by the Head of School.

'Users' of display screen equipment are made aware of their entitlement to free eyesight tests and, if appropriate, glasses. The eyesight tests are undertaken by Specsavers,

Queen Street, Cardiff, Albany Road, or Penarth. All staff must request an eyesight test through the Council's Shared Admin Service Desk on the Council's Intranet site.

The completed assessment forms are sent to Head of School for recommendations to be actioned and are also retained at the school.

### **3.10 Driving at Work**

The Driver Assessment Record and Authorisation to Drive Form is completed for all employees who use their own or Council vehicles as part of their employment with the Council. The form is completed by Admin Manager when employees start their employment and on an annual basis and is kept in staff individual files, and reviewed on an annual basis.

Risk assessments are carried out in respect of driving activities undertaken as part of employment within the school.

Further information is also contained within Section 3.39 School Minibus

### **3.11 Educational Visits**

The role of Educational Visits Co-ordinator (EVC) is undertaken by the Deputy Head of School he/she is a senior member of school staff with substantial experience of leading visits.

The EVC is responsible for ensuring that all visits follow the principles of good practice laid down by the Welsh Government and Cardiff Council.

As laid down in the Education Service Health and Safety Policy, the other responsibilities of the EVC are:-

- To Champion learning outside the classroom
- Cascade central messages from EVC Training to colleagues
- Ensure that correct procedures are being followed
- Produce a School Journey Policy
- Circulate important information as and when received from the Council
- Ensure Risk Assessments are in place for all visits
- Arrange induction and provide support for younger staff
- Occasional monitoring of provision
- Promote a culture of Sensible Risk Management

The approval of low risk visits is delegated to either the EVC or the Head of School. There is no requirement to inform Cardiff Council of such visits, although if the visit includes adventurous activities or a trip abroad, **the Education Visits Advisor (EVA) must be informed and approval obtained.**

The Educational Visit Approval System (EVOLVE) is used to plan and approve all visits involving adventure activities and all residential visits.

The school's Educational Visits Policy is uploaded on *EVOLVE*

**For further information refer to:-**

EVOLVE website - [EVOLVE](#) or from Andy Meek (EVA) – Adviser for Outdoor Education and Educational Visits Tel: 01874 623598 Mob: 07815531150, email [ameek@cardiff.gov.uk](mailto:ameek@cardiff.gov.uk)

### **3.12 Electrical Equipment [fixed & portable]**

Arrangements are in place for fixed electrical installations to be inspected either via a Service Level Agreement (SLA) with Building Services, Facilities Management once every five years.

Any remedial work identified is undertaken by the school or, if LEA responsibility, and included within a planned programme of works.

Certificates of testing are kept by Estates Manager and kept in the reception office and uploaded to RAMIS.

Portable electrical equipment is inspected and / or tested by the Estates Manager at a frequency determined by risk assessment. The school will ensure that all electrical equipment will be subject to the appropriate testing. This will include Catering and cleaning electrical equipment if the school has not opted into the Education Service Level Agreement.

The records of the portable electrical equipment inspections and tests are kept by the Estates Manager in the reception office and stored.

Stickers are affixed onto the plugs of portable electrical equipment to indicate when the last tests were carried out and when the next test is due.

Portable electrical equipment is visually checked by the users of any equipment before the equipment is used. The equipment is checked, for example, for damage to the cable sheath, plug, external casing and for evidence of overheating.

Any damaged equipment is taken out of use and labeled "DO NOT USE - ELECTRICAL FAULT" and reported to the Estates Manager to be made safe or disposed of.

Members of staff and pupils are aware that they must not bring personal electrical equipment into school, unless the equipment has been inspected and / or tested by a competent person.

**For further information refer to:-**

### 3.13 Emergency Procedures

The school uses the Emergency Management Unit's 'Emergency Incident Response Plan Template' to record the arrangements for dealing with foreseeable emergencies. This is communicated to staff via *staff meetings / staff handbook / displayed on the staff noticeboard*.

Type of emergency procedure	Location(s) of procedure / guidance within School
Fire Evacuation Procedure	Reception office
Bomb Alert	Reception office
Gas Leak	Reception office
Electrical Fault	Reception office
Water Leak	Reception office
Storm / Flood / Weather Damage	Reception office
Persons Threatening Violence on Site	Reception office
Dangerous Animal(s) on Site	Reception office

### 3.14 Fire Precautions & Procedures

The school has a Fire Risk Assessment which was carried out by the Area Planning Officer (Martin Burrows). This is undertaken every 3 years by an Area Planning Officer, unless there are changes in use or layout of an area, in which case the Fire Risk Assessment is reviewed at the time of the change.

A copy of the Fire Risk Assessment is kept in the main office The Fire Risk Assessments are reviewed annually by the school.

A Fire Risk Assessment for the kitchen is carried out annually by Richard James, Catering Services. Where the school employs the kitchen staff, the Fire Risk Assessment is undertaken by the Area Planning Officer, as part of the school's Fire Risk Assessment

Every year, the Fire Risk Assessment is reviewed by Fire Safety Officer in the Local Authority. Arrangements for this will be undertaken by the Health and Safety Officer

Fire evacuation drills are carried out every half-term and the dates are recorded within the fire log book. Staff feedback sessions are held to discuss the evacuation and whether it can be improved in any way.

Fire action notices are displayed conspicuously in every classroom and also at various locations so that everyone knows what to do in the event of a fire or other emergency.

Nominated members of staff have specific roles as fire wardens. These staff are listed below.

Name	Area / Location covered
Diane Stones- Head of School Jamie Brotherton- Deputy Head of School	

Designated assembly points are located throughout of the school.

All members of staff are responsible for ensuring the fire escape routes are kept free from obstructions.

Smoke control doors are not wedged open, and if held open by means of electro-magnetic devices, these are regularly maintained.

Fire fighting equipment is located throughout the school. It is inspected by a competent person by the Health and Safety Officer.

The fire alarm system is inspected by a competent person, the Estates Manager

The emergency lighting system is inspected by a competent person, the Estates Manager

The fire alarm is function tested once a week by the Estates Manager using a different call point for each test.

The emergency lighting is function tested once a month by the Estates Manager using a different test switch for each test.

The inspections and tests of the fire alarm and emergency lighting systems are recorded in the fire log book. The inspections of the fire extinguishers are recorded on stickers on the extinguishers.

The Fire Log Book is located in the main office.

The Evacuation Procedures for the school are displayed in prominent locations

A Standard Evacuation Plan (SEP) is available and is displayed in the reception area. This outlines the fire evacuation procedures for visitors with a disability.

If a pupil or member of staff has a disability which requires them to have assistance in evacuating the building, then a Personal Emergency Evacuation Plan (PEEP) will be completed by the class teacher

### 3.15 First Aid

First aid boxes are available in the rooms that the First aiders are in. The named first aid person will be responsible for ensuring that the kits are adequately stocked.

Should hospitalisation be necessary then the Administration office should be contacted so that an ambulance can be summoned and parents or next of kin informed.

New first aiders are always being sought and this forms part of the annual interviews with non-teaching staff.

School will provide appropriate monitoring and quality assurance to ensure systems, processes and procedures are followed correctly in line with Local Authority guidance.

A first aid needs assessment has been undertaken and communicated to all relevant staff. (To assist in this process, a generic risk assessment is available for customising)

[4.SC.COMP.020 - Provision of First Aid](#)

The school's first aiders are listed below

Name	Contact Details

There are adequate first aiders to ensure sufficient cover at all times when the school is open, including breakfast clubs / after school clubs, etc.

Responsibility for checking and restocking the first aid boxes is delegated to the class teachers.

First aid training dates are monitored by the Head of School to ensure that first aiders carry out refresher training before their certificates expire.

If a pupil has to be taken to hospital, the Head of School will decide who accompanies

them in the ambulance, and who notifies the relevant parent / guardian. The Pupil Accident Report Form will be duly completed and submitted to the Services and Compliance Section, Education Service.

### **3.16 Glazing**

Regulation 14 (1) of the Workplace (Health, Safety and Welfare) Regulations 1992 states that 'every window or other transparent or translucent surface in a wall or partition and every transparent or translucent surface in a door or gate shall, where necessary for reasons of health or safety:-

- (a) be of safety material or be protected against breakage of the transparent or translucent material; and
- (b) be appropriately marked or incorporate features so as, in either case, to make it apparent.

Where necessary, for reasons of health and safety, any glazing which is not made of safety material is replaced with 'safety glass', e.g. laminated or toughened glass or is filmed to prevent / reduce shattering on impact.

A survey has been completed by the Estates Manager to identify any glazing which is not made of safety material or which has not been safety filmed. Records are kept in the reception office

This will be reviewed on the 1<sup>st</sup> April of each year.

Any replacement work will be updated within the glazing log.

### **3.17 Hazardous Substances – Control of Substances Hazardous to Health (COSHH)**

Manufacturers' safety data sheets are obtained by the Estates Manager for any substances which are classified as hazardous to health.

COSHH assessments are completed by the Estates Manager for any activities which involve the use of hazardous substances

Hazardous substances are substituted with less hazardous ones, where possible.

Control measures, for example, local exhaust ventilation and personal protective equipment, are provided, used and maintained where they have been identified as control measures in the COSHH assessment.

Members of staff are informed of the hazards associated with the substances they use and trained in the correct use of control measures, including personal protective equipment as specified within the COSHH assessment.

Hazardous substances used by the Estates Manager are stored in appropriate containers within the Estates Manager's Room. Hazardous substances, for example, cleaning products for cleaners' are kept in a locked store.

Chemicals are stored in appropriate chemical store cupboards within Science Prep Rooms. Staff from the Science Department use the advice and guidance issued by the Consortium of Local Education Authority Provision of Science Services (CLEAPSS).

Records of the COSHH assessments are kept in the reception office.

The names of those staff responsible for the appropriate storage and use of the hazardous substances are the Estates Manager

### **3.19 Housekeeping, cleaning & waste disposal**

All staff are responsible for ensuring that good standards of housekeeping are maintained.

The school is cleaned by cleaners employed *by Education Cleaning Services*

Suitable and sufficient risk assessments and accompanying work instructions are carried out for relevant housekeeping activities.

Wet floor cleaning is carried out before prior to pupils being on site and following the end of the school day, *warning signs are displayed and / or cones are positioned* when wet floor cleaning is carried out.

Rubbish bins are emptied daily by the Estates Team and rubbish is disposed of into the external waste bins located at in the front of the school. The waste bins are sited at least six metres from any part of the school building and secured with chains.

Spent fluorescent tubes are stored in outside secure storage area until a sufficient number are accumulated prior to their appropriate collection and disposal by the Estates Manager

Glass or sharp objects are wrapped in newspaper, placed in a strong container and disposed of in the school's external waste bins. Gloves are worn to dispose of any glass or sharp objects.

### **3.20 Induction**

New members of staff are instructed in the school's health and safety arrangements by the Deputy Head of School. The following topics are included

- i) Council, Education Service and School Health and Safety Policies
- ii) Accident / Violent Incident Report Procedures
- iii) Violence at Work, Stress, Alcohol and Drug Misuse, Smoking Control and Manual Handling Policies
- iv) Emergency evacuation procedures
- v) First aid arrangements
- vi) Risk assessments (general, display screen equipment, manual handling and COSHH)
- vii) Personal protective equipment
- viii) Job and site specific health and safety issues and information
- ix) Employee Counselling Service and stress management courses

### **3.21 Legionella**

A risk assessment dated 1<sup>st</sup> April each year of the hot and cold water systems has been undertaken by external contractors.

This survey has been organised by Facilities Management Cardiff Council.

The risk assessments identify the risks due to legionella bacteria and detail a control scheme of the measures needed to reduce the risks. The risk assessments, and all other relevant documentation relating to the management of legionella, are filed in a Water Management File which is located in the main office. These are reviewed every 2 years, or whenever there is reason to believe the last assessment is no longer valid.

If any actions are identified through the risk assessment, remedial work is undertaken either directly funded by the school or through the Education Service or Facilities Management.

The water temperatures are tested by Aqua Safe on a half-termly basis

Additional control measures, for example, *periodic maintenance / cleaning of equipment, such as, shower heads, regular running of outlets (delete as appropriate)* are carried out by the Estates Manager.

### **3.22 Lettings / shared use of premises**

An agreement between the school and the hirer is signed prior to the hire taking place. This agreement is kept by the Business Manager which will be approved by the Estates and Health and Safety Panel

This agreement details whom is responsible for what and includes written information detailing the school's emergency procedures.

A risk assessment for the hire of the school premises has been undertaken and communicated to all relevant staff.

(To assist in this process, a generic risk assessment is available for customising)  
[4.SC.COMP.004 - Hire of School Premises](#)

Appropriate checks are made by the Business Manager regarding the following:-

- Whether the hirer has sufficient public liability insurance, i.e. a minimum liability of £5 million. The hirer must provide the name of the insurance company and the policy number on the booking form and attach a copy of the current insurance policy.
- Disclosure and Barring Service (DBS) disclosures and safeguarding checks. It is the hirer's responsibility to ensure that all\* persons over 16 present in connection with the hire will have a current DBS certificate.

\*This excludes parents/grandparents attending a children's birthday party or similar event. However, where someone is employed / volunteers to 'work/supervise' at a party, it is up to the event organiser to be satisfied that they have a valid DBS check.

- A clear audit trail for all income generated and payment to staff in connection with the booking.

### 3.23 Lone Working

Lone workers are those who work by themselves at any time without close or direct supervision. They are found in a wide range of situations and include:

- (i) People in fixed establishments where:
  - Only one person works on the premises
  - People who work separately from others
  - People who work outside normal hours

\*Note: This includes people in isolated areas of sites or premises where other people are present elsewhere

- (ii) Peripatetic employees working away from their fixed base.

A risk assessment for estate staff lone working has been undertaken and communicated to all relevant staff. Risk assessments are also carried out for cleaning staff and others who work alone.

(To assist in this process, a generic risk assessment is available for customising)

[4.SC.COMP.012 - Estates Staff Lone Working](#)

The following precautions are adopted by members of staff who work alone at the school

- Notifying another person of the time when they expect to finish lone working and informing them when they finish lone working.
- Access to mobile telephones and / or two way radios.
- Making the school secure by locking the external doors when lone working.
- Not carrying out high risk activities, such as, working at height when lone working.

A system for checking / monitoring these precautionary measures is in place and is *in place with the agreed point of contact for that day and noted on the risk assessment.*

### 3.25 Manual Handling & Lifting

Manual handling of objects risk assessments are completed and reviewed by the Head of School for any tasks where there is a risk of injury and where manual handling can not be avoided. These risk assessments are kept in Head of School office.

Appropriate precautions are introduced to reduce the risk of injury, for example, the use of lifting and handling aids, such as, *trolleys, trucks, hoists and lifting aids*. Manual handling training, in accordance with the All Wales Manual Handling Passport Scheme, is provided to members of staff who carry out manual handling. The training is organised by the Services and Compliance Section, Education Service.

Where pupils are required to be lifted or moved, where possible, this will be by means of mechanical aids, e.g. hoists, etc. If it is necessary to lift a pupil, this is done as a last resort and those members of staff have received appropriate training in the handling of people. Training on people handling has been provided by (Debbie Palfrey, from Cardiff) on for an annual basis and records are kept *in the Head of School office*.

To ensure that manual handling activities are carried out correctly and in accordance with the risk assessment, the activities are monitored by Senior Leadership Team using the Manual Handling Monitoring Checklist [Manual Handling Monitoring Checklist](#).

If monitoring is not undertaken, manual handling refresher training is required every year.

If monitoring is undertaken it is required every three years unless it is needed more frequently by the individual. Monitoring records are kept *in the Head of School office*

### 3.26 Monitoring of Health and Safety

It is the responsibility of the Head of School to ensure that there are suitable documented procedures in place to ensure evidence of timely monitoring of:-

- Implementation of the Health and Safety Policy

- Suitability, and review of, risk assessments and appropriate control measures
- Achievement of objectives in the Education Service Annual Health and Safety Action Plan
- Carrying out of recommendations made by Health and Safety Advisers in Inspection Reports or otherwise
- Accidents and violent incidents (and any resultant investigations)
- Workplace/activity inspections by managers and supervisors. These Health and safety inspections are carried out (*termly basis*) and documented using, for example, the School Building / Site Inspection Checklist.
- Health surveillance procedures, e.g. audiometry testing, hand arm vibration
- Manual handling operations
- Building and premises management
- Management of asbestos
- Health and safety training needs analysis (via Performance Reviews) and provision of training
- Contractors work activities
- Other issues as appropriate

The quality assurance for monitoring health and safety will be at the Estates and Health and Safety Panels, held every three weeks

Consideration of the following at full Governing Body / Sub Committee Meetings / Senior Management Team:

- Health and Safety Policy
- Health and Safety Action Plan
- Accident statistics report
- Health and Safety Inspection Reports provided by Health and Safety Advisers
- Health and Safety Inspection Reports provided by managers

• Other health and safety issues as appropriate including monitoring information  
Health and Safety Advisers, Corporate Resources, carry out inspections/audits of school health and safety management. These inspection reports are reviewed and the recommendations are actioned by the Head of School.

Workplace / work activity inspections by managers which are planned and documented.  
Consideration of specific health and safety responsibilities and training needs in Personal Performance and Development Reviews.

The school has a risk assessment review process in place which outlines stages following requirement to review risk assessments.

Nominated persons who have responsibility for these monitoring activities are detailed

Name	Monitoring Activity / associated documentation
Diane Stones	Whole School Risk Assessment
Jamie Brotherton

**3.28 Noise**

A noise risk assessment is carried out in any areas of the school where employees are exposed to noise above the lower exposure action level. This is generally in areas where employees have to raise their voices to have a normal conversation when they are about 2 metres apart. Copies of risk assessments are kept in the reception office.

Employees are likely to be exposed to noise above the lower exposure action level in areas, such as, music and design and technology departments.

Action is taken to reduce the noise exposure of any employees exposed to above the upper exposure action level. The action taken includes; *using quieter equipment or a different, quieter process; engineering/technical controls to reduce, at source, the noise produced by a machine or process, using screens, barriers, enclosures and absorbent materials to reduce the noise on its path to the people exposed; designing and laying out the workplace to create quiet areas; improved working techniques to reduce noise levels; limiting the time people spend in noisy areas*

Hearing protection is made available to employees who are exposed to above the lower exposure action level and is worn by employees who are exposed to above the upper exposure action level.

Health surveillance, in the form of audiometry, is provided to employees who are exposed to above the upper exposure action level. Employees working in the following areas are provided with audiometry tests *outlined* by the Occupational Health Service.

Records are kept in individual staff personnel files.

Information, instruction and training about risks associated with exposure to noise and the measures taken to reduce noise exposure is provided to employees exposed to above the lower exposure action level.

### **3.29 Personal Protective Equipment [PPE]**

Personal Protective Equipment (PPE) will be appropriate for the activity for which it is required and will meet the necessary specification identified within the relevant risk assessment. PPE is assessed to determine that it is suitable for the tasks being undertaken by the Health and Safety Officer. It will be issued as a last resort measure, following other means of controlling the risk in the first instance.

Risk assessments will identify who requires PPE, what PPE is needed, such as helmets, overalls, gloves, footwear, goggles, hearing protection and the specification of PPE required. It will be provided, together with the necessary instructions and training (including refresher training) to enable proper use, storage and care. A record of the training given will be kept and held in the reception office. PPE is stored in cupboards or cases to ensure that it is kept clean and in good repair. The relevant risk assessments are kept in the reception office

PPE is maintained or replaced, in the case of disposable items of equipment, in accordance with the manufacturers' instructions.

Members of staff who require the use of PPE are provided with it free of charge and are issued with instructions to ensure that it is used correctly. They are also instructed to report any problems with the use, or significant wear or deterioration of the equipment to their manager. Failure to use PPE, or use it properly, may result in disciplinary action being taken against the employee.

A record of the PPE used will be recorded using the Issue of Personal Protective Equipment form 4.C.481. The records are kept in the main office and a duplicate copy is kept in the staff personnel file.

Jobs / tasks where risk assessment has identified the use of PPE are listed below

<b>Task</b>	<b>Type of PPE &amp; specification</b>
Teaching	Full PPE (Masks/visors, full apron and gloves) in line with COVID-19 guidance
Communal spaces	Face masks
Hazardous substances	Full PPE (Masks/visors, full apron and gloves) in line with COVID-19 guidance

### 3.33 Premises Management

The *Estates Manager* is responsible for managing the building. They will ensure that appropriate systems and documentation are in place in respect of the following:-

- Building/premises related risk assessments
- Day to day management of the health and safety management of the building/premises, including regular inspections / checks
- Asbestos
- Contractors
- Fire safety
- Fixed electrical installation
- Legionella
- Heating, gas and other mechanical systems
- Lifts

- Maintenance work
- Monitoring (documented) of health and safety arrangements including formal, at least quarterly, inspections to ensure risk controls are effective
- Security
- Statutory checks/inspections
- Physical condition of the building and environment
- Traffic management
- Compliance with Workplace (Health, Safety and Welfare) Regulations 1992 (as amended)
- Co operation with other building/premises occupiers as appropriate

The health and safety management responsibilities for managing buildings are outlined in the Council Code of Guidance on Buildings and Premises Management.

A separate booklet outlining the responsibilities of Facilities Management, Education Service and the school is used as a reference tool. This booklet is kept in the main office

### **3.34 Premises Security**

A risk assessment for the security of the site and buildings has been undertaken and communicated to all relevant staff. The risk assessment is located *in the reception office of the school*.

(To assist in this process, a generic risk assessment is available for customising)

[4.SC.COMP.007 - School Security](#)

The boundary of the school is secure at all times.

Access to the school is controlled by *a controlled access system, the design of the building to prevent access to the school except through the main entrances, signs directing visitors to the reception area*

All visitors, including Council staff and contractors must to sign the visitor signing in book upon arrival at and departure from the school, are asked for identification, are escorted to and from their destinations.

Members of staff challenge strangers.

The exterior of the school is adequately lit.

### **3.35 Pupils with Medical Needs**

The DfES / Department of Health document 'Managing Medicines in Schools and Early Years Settings' provides the framework for the management of medicines in the school.

The school has developed a procedure on the management of pupils with medical needs. The procedure is located in the Head of School office. Medication is securely stored in a classroom cupboard

**For further information refer to:-**

DfES / Department of Health 'Managing Medicines in Schools and Early Years Settings' [Managing Medicines in Schools and Early Years Settings](#).

**3.36 Reporting Defects**

Members of staff report hazards to the Estates Manager by completing a maintenance request form. These are kept in the reception and are signed off by (*Estates Manager*) when work completed

Health and safety walkabouts to identify hazards are carried out by Governor Sean Ward, (*every half term* using the School Building / Site Inspection Checklist / any other checks.

The Estates Manager arranges any remedial works.

**For further information refer to:-**

**3.37 Risk Assessments**

Regulation 3 (1) of the Management of Health and Safety at Work Regulations 1999 states that every employer shall make a suitable and sufficient assessment of

- (a) the risks to the health and safety of his employees to which they are exposed whilst they are at work; and
- (b) the risks to the health and safety of persons not in his employment arising out of or in connection with the conduct by him of his undertaking

For the purposes of identifying the measures he needs to take to comply with the requirements and prohibitions imposed upon him by or under the relevant statutory provisions.

Risk assessments are undertaken by Head of School, Deputy Head of School and are kept in the reception office

The following members of staff have undertaken risk assessment training which is organised by the Services and Compliance Section:-

Risk Assessor	Date of Training
Diane Stones	
Jamie Brotherton	
Matt Thomas	
Tammy Lloyd	

Generic risk assessments are available on the Council's CIS system. [Education Service Health and Safety Information on CIS](#) The generic risk assessments should be adapted to the specific circumstances at the school.

Members of staff refer to curriculum specific guidance to assist them in completing risk assessments for specific departments. For example, guidance produced by organisations, such as Consortium of Local Education Authorities for the Provision of Science Services (CLEAPSS), Design and Technology Association (DATA), Association for Physical Education (AfPE) and National Society for Education in Art and Design (NSEAD).

The risk assessments are reviewed annually or when the circumstances to which the risk assessments relate changes.

Completed risk assessments are brought to the attention of relevant staff by

### **3.39 Gym**

Risk Assessments will be in place for all pupils using the gym

The school will use the service level agreement in place to support the maintenance, operational procedures and quality assurance.

### **3.40 Slips, Trips and Falls**

Slips, trips and falls are one of the main causes of accidents in schools. Managers have specific responsibilities in ensuring the physical premises and environment and workplace layout is suitable, but all employees have responsibilities to ensure the risk of slips, trips or falls are eliminated or reduced by:

- Ensuring good housekeeping
- Using suitable equipment e.g. when accessing high shelves
- Cleaning up spillages
- Not obstructing areas e.g. with redundant furniture, computer equipment.
- Wearing suitable footwear
- Reporting any hazards which they cannot address, e.g. condition of playground / play areas
- Paying attention to what they are doing.

**For further information refer to:**

### **3.41 Smoking**

No smoking is permitted on the school site.

### **3.42 Snow and Ice**

A Plan has been developed establishing that adequate arrangements are made to ensure the risks from snow and ice are minimised. All efforts are made to ensure the school remains open as normal.

A risk assessment for Extreme Bad Weather – Snow and Ice has been undertaken and communicated to all relevant staff.

(To assist in this process, a generic risk assessment is available for customising)

#### 4.SC.COMP.015 - Snow and Ice Risk Assessment

The Plan and any relevant risk assessments are located in the main reception office

Snow clearance and ice gritting is carried out by the Estates Manager in accordance with the arrangements specified in the risk assessment and the Plan.

Parents are notified by means of a Text Alert system and the use of the local media e.g. local radio stations. Parents are also advised to check the Cardiff Council website. [www.cardiff.gov.uk](http://www.cardiff.gov.uk)

[4.SC.COMP.008 - Traffic Management](#)

Vehicle movement is restricted on the school site between the hours of 8:55am-9:10a and 3pm-3:10pm. This includes contractors who are advised of the restrictions. These restrictions should be reflected within their risk assessments.

Vehicles on the school site are segregated from pedestrians by means of *separate access for vehicles and pedestrians, designated walkways and safe crossing places on the school site, clearly marked internal roadways, lines painted in the car park to designate parking spaces*

Delivery vehicles are restricted from accessing the school site. This includes the collection of rubbish when vehicles are permitted to be on the school site

The school is aware of the Schools Traffic Management Safety Group and contacts the group for advice about traffic management both on-site and in the vicinity of the school entrance.

### **3.47 Training and Competence**

The training needs of staff are assessed by Head of School and Deputy Head of School as an ongoing process and as part of the Council's Personal Performance and Development Review Scheme.

Members of staff attend appropriate courses, some of which are detailed in a health and safety Education Mandatory Toolkit training programme administered by the Services and Compliance Section (Tel: 029 2087 3714); or other courses which are relevant to their role. Members of the Governing Body are also welcome to attend these courses.

The training is provided by approved external health and safety training providers. The approved providers are detailed on the Council's Health and Safety intranet site.

Governors can attend specific courses facilitated by Governor Services which are run twice a year on Health and Safety Management and Health and Safety Risk Assessment Awareness.

All training attended is recorded in (*provide details of where the training is recorded*).
